Profile

Personable and Passionate Front End Web Developer with a background in Education and Performance Art & Design. My professional experiences require me to be flexible, juggle multiple concerns at once, and effectively communicate with my team. Attention to detail is always a top priority. I must be able to quickly assess any situation and rely on critical thinking to utilize the proper strategies and skills for problem solving – professionally and accurately. These skills I have, and continue to, successfully develop.

Experience
